

Ayukii,

My name is Autumn Goodwin and I currently reside in the Yreka district. I am writing to formally announce my candidacy for Karuk Youth Council's Vice Chair position opening for the 2024/2025 year.

I have served as a member of Karuk Youth Leadership for the past three years and have been actively involved in all meetings, events and community service activities. I take a great deal of pride in KYL. I am honored to be involved in such a great program and believe I would be a good candidate for the Vice Chair position.

I am dedicated, organized and always willing to listen and learn. I uphold a good GPA and am involved with numerous clubs at Yreka High School and take my academics very seriously. I am confident that I could help Karuk Youth Leadership better itself and stay aligned with the goals and values they have set in place.

I look forward to bring my experience in leadership to this program. I feel as though this new year will bring great new opportunities and memories to our program. I wish to send positive energy and good luck to all my peers who are also running for positions on Youth Council.

Yootva for your time and consideration.
