

Ayukii,

My name is Braylon Evans and I live in Happy Camp. I'd like to run for the Executive Assistant position for the 2024/2025 year.

I have been a part of Karuk Youth Leadership for the past two years and go to all of my meetings and try to be involved in all events and community service efforts I can. I love being part of KYL and think I'd do great in the role of Executive Assistant.

I am hard working, focused, determined and always willing to learn. I get good grades and take my schooling and extracurriculars very seriously. I am sure that I can help Karuk Youth Leadership continue growing and improving as well as stay in line with its goals and values.

I am excited for another year of KYL and wish everybody good luck for the coming year, especially the other youth running for positions.

Yootva for your time and consideration, Love Braylon.
