

Hello,

My name is Lelah Moehring and I currently reside in the Happy Camp district. I am currently writing this letter to announce my candidacy for Karuk Youth Executive Assistant opening for the 2024/2025 year.

I have been in Karuk Youth Leadership for about two years and have attended all meetings, most events and community service efforts. I love being involved in this amazing program and believe I would be a great candidate for the Executive Assistant position.

I am determined, organized and always willing to help where I'm needed. I always hold a great GPA at Happy Camp Elementary and take my studies very seriously. I am confident that I have the ability to keep Karuk Youth Leadership in a way where everyone feels comfortable and that it is arranged nicely and fits the standards that are placed.

I am excited to participate in the new things that will come our way this year and I send positive thoughts to the other candidates that decided to run this year and participate in the Karuk Youth election.

Thank you for having the consideration of reading this letter.
